

## BONDERITE® L-MR B 236

Known as MULTAN B 236  
January 2024

### Product description

BONDERITE® L-MR B 236 provides the following product characteristics:

<b>Technology</b>	Lubricant
<b>Product type</b>	Machining lubricants
<b>Application</b>	Metal machining

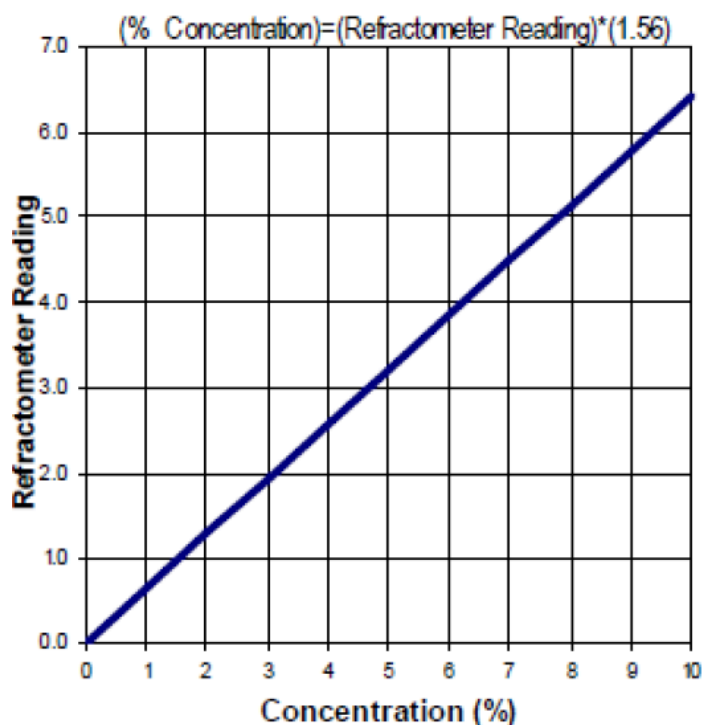

BONDERITE® L-MR B 236 (known as MULTAN B 236) is a low foam, water soluble semi-synthetic fluid designed for machining and grinding ferrous and aluminum alloys. It is designed for use in areas where soft water or process requirements make foam difficult to control. Its combination of lubricity additives and cooling ability allow it to work in light to moderate applications. This product has been designed where lubricity, cleanliness and cooling are critical such as in cast iron or steel applications.

### Benefits:

- Superb wetting characteristics maintain machine, tooling and part cleanliness.
- Successfully passed lab's biological challenge screening for bio-resistance.
- Excellent tramp oil rejection for easy removal.
- Suitable for most water conditions and multi-metal applications.
- Sum of benefits equals improved performance, quality and profitability.

### Technical data

Appearance	Slight haze, amber fluid
Appearance @ 5%	Translucent white
Typical concentration range, %	5-10
pH of emulsion @ 5%	9.4-9.6
Weight, lbs/gal	8.4
Chlorine	No

### Direction for use

#### Preliminary statement:

Prior to use it is necessary to read the **Material Safety Data Sheet** for information about precautionary measures and safety recommendations. Also, for chemical products exempt from compulsory labeling, the relevant precautions should always be observed. Please also refer to the local safety instructions and contact Henkel for analytical support.

#### Integrated equipment solutions:

Henkel offers a full range of equipment solutions, including refractometers, proportioners, oil coalescers, automated control systems, titration chemicals and bulk tanks. If additional information is required, please contact your local Henkel representative.

#### Classification:

Please refer to the corresponding **Material Safety Data Sheets** for details on:

- **Transport Regulations**
- **Hazardous Information**
- **Safety Regulations**

## Additional information

### Disclaimer

The information provided in this Technical data sheet (TDS) including the recommendations for use and application of the product are based on our knowledge and experience of the product as at the date of this TDS. The product can have a variety of different applications as well as differing application and working conditions in your environment that are beyond our control. Henkel is, therefore, not liable for the suitability of our product for the production processes and conditions in respect of which you use them, as well as the intended applications and results. We strongly recommend that you carry out your own prior trials to confirm such suitability of our product. Any liability in respect of the information in the Technical data sheet or any other written or oral recommendation(s) regarding the concerned product is excluded, except if otherwise explicitly agreed and except in relation to death or personal injury caused by our negligence and any liability under any applicable mandatory product liability law.

**In case products are delivered by Henkel Belgium NV, Henkel Electronic Materials NV, Henkel Nederland BV, Henkel Technologies France SAS and Henkel France SA please additionally note the following:**

In case Henkel would be nevertheless held liable, on whatever legal ground, Henkel's liability will in no event exceed the amount of the concerned delivery.

**In case products are delivered by Henkel Colombiana, S.A.S. the following disclaimer is applicable:**
