

# STOP HUMIDITY

## Aero 360 tabs - Neutral/Lavender Garden 3+1

### PRODUCT DESCRIPTION

The 450g AERO 360° Tab is the refill for AERO 360° devices for 20 m<sup>2</sup> and 40 m<sup>2</sup> and for the compact / bathroom device.

The aerodynamic devices with their unique 360° air tunnels enables air to circulate around and through the wave shaped tabs to boost the performance of the system.

AERO 360° System is based on the physical principle – the more contact the tab has to air, the higher humidity absorption power it provides.

The ultra-absorbent tab has an improved wave shape and a centred opening to enlarge surface for more air contact to boost the performance of the system. This leads to up to 40% higher efficiency\*

**2IN1 TECHNOLOGY:** The bicolored AERO 360° tab consists of ultra-active crystals and includes a patented anti-odor technology. Bad smells are effectively neutralized up to 70%\*\* without masking them.

\* compared to Henkel standard \*\* validated by an external anti-odor specialist lab in Dec 2009.

### CHARACTERISTICS

- prevent current damp problems such as condensation, mould and musty smells
- effectively absorbs moisture
- wave-shape design for optimal efficiency
- neutralises unwanted odors
- is convenient and safe to use
- needs no electricity, silent
- tabs with various comforting scents available to create a special ambiance at home

## HUMIDITY ABSORPTION

## MALODOR NEUTRALIZATION

## Storage

24 months for neutral and fragranced 360 Tab.  
Store in dry room above 0°C.

## Warning instructions

To guarantee an optimal air circulation, place the device at least 10 cm from the wall.  
Do not allow AERO 360° Tab or wastewater solution to come into contact with easily damaged metal surfaces such as gold plate and chromium plate, leather, fabrics, carpets or other floor coverings. In case of contact, immediately wash with warm water.

To be used above 10°C.

## HEALTH AND SAFETY

Before using the product please see related Material Safety Data Sheet that is available on request.

## DISPOSAL

The information provided in this Technical Data Sheet (TDS) including the recommendations for use and application of the product are based on our knowledge and experience of the product as at the date of this TDS. The product can have a variety of different applications as well as differing application and working conditions in your environment that are beyond our control. Henkel is, therefore, not liable for the suitability of our product for the production processes and conditions in respect of which you use them, as well as the intended applications and results. We strongly recommend that you carry out your own prior trials to confirm such suitability of our product.

Any liability in respect of the information in the Technical Data Sheet or any other written or oral recommendation(s) regarding the concerned product is excluded, except if otherwise explicitly agreed and except in relation to death or personal injury caused by our negligence and any liability under any applicable mandatory product liability law.
